Departure of Steamers.

FOR COLLINGWOOD AND THE EAST.
The Collingwood Line of screw steamers leave—one every day, from Dousman's dock, foot of East Water st., connecting at Collingwood with cars from the East.

FOR BUFFALO.
Screw steamers, with good accommodations for passengers, leave the different transportation docks every day for Buffalo.

FOR PORT WASHINGTON, &C.
The Steamer Gazelle leaves Johnson & Olmsted's Dock at 8 o'clock in the morning, for Port Washington, Sheboygan, Monitowoc and Two Rivers.

FOR CHICAGO, &C.
The steamer Traveller leaves Johnson & Olmsted's Dock every evening, at 9 o'clock, for Chicago and intermediate ports.

Produce Trade of Milwaukee.

The produce trade, we are glad to say, is beginning to revive. Last week was the most active one we have had this year. Receipts were 3,086 bbls flour, 137,848 bush wheat, 1,816 bush oats, 1,403 bush corn, and 1,553 bush barley; and since January 1st, in the aggregate, 2,006,638 bushels of grain, including flour, against 4,138,051 for the corresponying period in 1858. Receipts for Saturday amount in the aggregate to 36,146 bushels—all wheat with the exception of about 5,000 bushels. Shipments for the week were 421 bbls flour and 113,426 bushels of wheat. Shipments of wheat, including flour, since Jan. 1st, are equal to 1,825,041 bushels against 3,503,366 for the same time last year.

Fires in Ozaukee County.

From the Ozaukee *Advertiser* of the 3d, we learn that about one o'clock on Thursday afternoon, a wood pile at Blakesville, five miles north of that place, took fire from burning brush near by, and before it could be subdued, it burned a log house, barn and twenty cords of wood belonging to Mr. BLAKE of that village, and two hundred cords of wood of very poor quality belonging to another person. Loss altogether cannot much exceed three hundred dollars.

On Thursday night, a wheat stack belonging to M. Peshong, who lives between seven and eight miles North, in town twelve, took fire, and in his efforts to put it out, assisted by a daughter twelve or thirteen years old, a part of the burning wheat fell on the child and before he could rescue her she was burned to death and himself terribly burned.—The fire consumed the wheat stack, set fire to the house and barn and a threshing machine, all of which were destroyed, and has nearly if not quite ruined the poor unfortunate man.

FIRE.—About two o'clock last Tuesday morning, a stack containing about three tons of fine timothy hay on the farm of Mr. Beger, about two miles north of this village took fire and was totally destroyed. The cause of the fire is unknown.

Interesting from the Frontier—Another Indian Battle—Eleven Killed.

The steamer *Omaha* which arrived at St. Joseph on the 29th, from the Upper Missouri, brought intelligence of another bloody fight between the Brule Sioux and the Poncas, on the 13th inst. The Sioux came upon the Poncas while the latter were encamped on the Running Water, and attacked them at once. After a brief but desperate fight, the Poncas were driven off with the loss of eleven of their number, among whom were their second, third and fourth chiefs. Others were wounded.

Nine hundred Omahas returned to their Reserve from a hunting expedition, just as the *Omaha* reached Decatur. They had been very successful, having killed and packed 1,000 buffaloes. The corn crop in the Omaha Reserve, in Nebraska, is said to look as thrifty and flourishing as the crop on the farms of the most thrifty white farmers.

Dr. A. M. Robinson, Commissioner of Indian Affairs, was a passenger on the *Omaha.*—*St. Louis Eve. News*, 31.

SHARP PRACTICE.—A few weeks ago there appeared in the several towns in this county two strange peddlars with small packs containing no great amount of goods, nor did they seem as anxious to sell what goods they had, as to learn who were the most responsible farmers—how much land they owned, and the extent of crops yearly harvested by them. After they disappeared two more strange peddlars made their appearance with a large supply of linen goods of various kinds, as by them represented, but which in reality were nearly, if not entirely manufactured of cotton, offering them seemingly, very cheap for linen goods, urging them upon the very same farmers whom the two that preceded them had been so particular in enquiring in regard to their circumstances. As an inducement they were willing to sell any amount the farmer might be willing to purchase, exceedingly cheap and take notes at three months. In that way we are informed that they actually did make sales to a large amount.

Very soon after these second two peddlars had made their sales, received their notes and disappeared, two other strangers made their appearance with these identical notes, and were very anxious to trade them off for horses, waggons, cattle, buggies, any kind of stock or produce, and almost without regard to price. These two note brokers were in this village, offering to buy horses, waggons, buggies, or almost anything else and at any prices, provided they could pay in these notes. All of the notes they offered to dispose of in this village were notes given by men known to be perfectly good and reponsible, but the persons to whom they offered them were suspicious of there being something wrong about the matter, and declined trading with them. The whole six were doubtless in partnership, in this new mode and manner of driving trade, and are no doubt at this moment operating in other counties.—*Ozaukee Advertiser, Sept. 3rd.*

THE EMPLOYEES OF THE MICHIGAN SOUTHERN RAILROAD.—A meeting of the employees on the western division of the Michigan Southern Railroad was held at Laporte on the 27th ult., at which a resolution was adopted protesting against accepting pay in scrip or other paper, and declaring that they would work on till the first of the ensuing month; and would then discontinue work and demand three months' pay. A meeting of the employees on the eastern division of the same road was held at Adrian subsequently, which endorsed the above resolution, and further resolved that they would demand the pay due them for the month of August on the 10th of September, and also a regular time for payment hereafter between the 10th and 15th of each succeeding month.—*Detroit Free Press, 2d.*

SAD LOSS BY FIRE.—We learn that on Tuesday evening last, a fire was discovered in the grain stacks belonging to Mr. Wm. Austin, of the town of Leon, destroying about sixteen hundred bushels of wheat, and four hundred bushels of oats; also one hundred tons of tame hay. It was with difficulty the barn and other out-buildings were saved. We did not learn the origin of the fire. This must be a severe loss to Mr. Austin, being nearly the entire products of his farm and labor for the past year.—*Sparta Herald, Sept. 1st.*

BEARS AROUND!—The long dry spell has driven the bears from the woods into the settlements. In several directions near here, they exhibit themselves daily, and afford fine opportunities to hunters. On Thursday, our worthy City Treasurer, Henry Bolting, who is on a hunting expedition up North, with Eastern friends, sent down a bear which he or they had "laid out," and which weighed about 200 pounds.—*Badger State, Portage, Columbia Co.*

The Monster Steamer Great Eastern Coming to New York.

The N. Y. *Herald* of the 1st, contains the following in relation to the *Great Eastern:*

Our readers will remember that our London correspondent mentioned in a recent letter that Mr. Lever, the projector of the Galway line of steamers, had made the handsome offer of $100,000 to the Great Eastern Company for the privilege of running the monster on her first trip from Galway to America. We are now in possession of information, through a private despatch received by the Jason, to the effect that she will sail from Galway on the 15th of this month, and that her destination will be New York and not Portland.

The Great Eastern will touch at St. Johns, leaving there a mail, her despatches for the press, and such passengers as may be bound there, and will proceed directly to this point, where she may be expected to arrive about the 24th inst., or thereabouts.

The advent of this splendid ship in our waters will produce the greatest excitement in all circles—more perhaps than any previous event ever gave rise to in this country. People will flock from all quarters of the Union and from Canada to behold her, and should she be thrown open to visitors, as she doubtless will be, and a small charge be made for admission—say twenty-fiive cents—the enterprising company who have chartered her may realize one-half the sum they paid for the right to start her from Galway.

It it probable that the Great Eastern will be despatched with a light cargo, and only coal enough for the return voyage, so as to enable her to enter our harbor by the Narrows, which she can easily do, and by lying off until high water, she can come up to her anchorage off the Battery. As to the number of passengers she may bring it is impossible now to speak, though it is not unlikely that our London correspondent's estimate of two or three thousand may be about the mark.

It a source of some pride to the whole country that the first voyage of this great triumph of marine architecture should be made to an American port, and it is an excellent indication of the wisdom and foresight of Mr. Lever that he has selected New York, thus recognizing it as the first port in importance on this continent, and the fittest to receive the visit of this monster of the deep, and he is entitled to the thanks of our citizens for the act. Indeed, Mr. Lever's entire course in connection with transatlantic steam navigation in the conduct of the Galway line has been marked with the greatest shrewdness and good management, and in no respect, perhaps, more than in the selection of the agents of that line here, "The American Express Company" of Wells, Butterfield & Co.; to whom the Great Eastern will be consigned.

The British Corn Trade.

From the Mark Lane Express, Aug. 5.

The early part of the week was rainy and threatening, some quantity having fallen in the North; but subsequently the weather became fine and warm. A good deal of corn has consequently been carried; but some of it will want keeping in the stack to improve the condition, and a larger quantity of barley has sprouted and become somewhat discolored. As labor has continued scarce much harvest work remains, and prices must entirely depend on the continuance of fine weather, But there is scarcely room on present rates for a decline. The new wheat is coming forward in the Southern and Midland counties in quantity, and some parcels are fine and heavy. Still much inferior is expected when the bulk comes to hand. The markets have mostly been thinly attended, some noting an advance on previous rates, and others a small decline, but generally prices have remained without change. In France the buoyancy has caused and given place to a small reduction, but Belgium and Holland have been firm, while Germany has about maintained the previous quotations.

The gatherings in Canada and the Northern States of America have hitherto been propitious, the wheat and spring corn turning out better than was expected; although prices, with small supplies, have improved.—Potatoes appear worse for the rains, and as the early sorts have suffered seriously this year, we apprehend much damage will result to the later kinds. This will renew an extensive demand for Maize, which has suffered both in Europe and America.

There have been eight arrivals off the coast since the 3d, and the business transacted has been as follows: Four cargoes of Wheat, Marianople at 44s. 3d.; Berdinaskie at the same price; Polish Odessa at 41s.3d.; and Taganrog Girka at 43s. One of Rye at 25s, 6d.; and eight cargoes of Maize at from 26s. 7 1-2. to 27s. 9d. per qr.

The sales noted last week were 91,294 qrs. Wheat at 43s.; against 103,141 qrs. in 1858. The London averages were 45s.11. on 2, 164 qrs. The imports into the principal ports of Great Britain for the week ending 3d August, in Wheat and Flour, were equal to 45,244 qrs. Wheat.

TEACHING GIRLS COOKING AT SCHOOL.—An attempt is being made at the Liverpool Hibernian Schools to instruct the girls in that most important of female duties, domestic cookery, and we are glad to learn from the annual report just issued, that the experiment is successful. We quote from the report:

"Under the superintendence of a very efficient ladies' committee, increased attention has been given of late to the girls' sewing; competent judges have pronounced the result to be every way encouraging. An attempt has been made—and, as the committee believe, with very decided success—to give them improved notions of cooking. The apparatus for that purpose is much on the plan and of the size usual in small cottages, and is found to answer admirably. The class consists of eighteen of the older girls, and more are anxious for admittance as soon as vacancies occur. They cook in turns each day a dinner for the mistress and pupil teachers, and some soup or other dish for such of the children as dine at school, and prefer that to bringing provisions from home. Most of the last year's class are now able to cook, without superintendence, the dishes commonly in use. The committee hope soon to add to this lessons on cooking for the sick."

ARREST OF COUNTERFEITERS AND MAIL ROBBERS IN TEXAS.—Two men, named respectively Brown and Sawyer, were arrested recently in San Antonio, Texas, for passing counterfeit money, and dies and counterfeit notes to a large amount were found in their possession, as well as a large number of drafts on northern cities and Canada to the amount of $13,000. It is believed that most of, if not all the drafts, which are for sums varying from $10 to $3,500, and are not endorsed, are genuine, and that they have come into the possession of the prisoners in an illegal manner. It is supposed by the robbery of the mail or some post office.

ENORMOUS YIELD OF WHEAT.—The following from the Dodge Co. *Citizen* is an illustration of the gratifying productiveness of our present crop:

M. Woodward, who lives about two miles from here, had threshed a few days ago, 120 bus of wheat, all from 2 3-4 acres of ground, making over 43 bushels to the acre. It was of a variety called Blue Stem, which Mr. Woodward had raised for four years, without any trouble from rust. This is the largest yield we have heard of.

SERIOUS ACCIDENT.—Last Saturday afternoon, while Mr. William Flemming was engaged in reaching over a threshing machine, which was in operation upon his farm, on the road between here and Fort Atkinson, his frock got entangled in the knuckle of the machine, crushing his body, breaking two of his ribs, and otherwise injuring him, so that his life is almost despaired of. We understand since then that he is likely to recover.—*Jeffersonian, (Jefferson) 1st.*

WILL BE HERE.—Bishop Henni, of Milwaukee, will be in Hudson, one week from next Sunday, 11th inst, to confirm candidates, and to dedicate the new Catholic Church.—*Hudson North Star, 2nd.*

Terrible Boiler Explosion.

NEW YORK, Sept. 3—3 P. M.

A terrible catastrophe happened yesterday afternoon, at No. 106 Goerck street. A steam boiler, located on the premises alluded to, which were occupied by John Roach as an iron foundry, exploded about 4 o'clock, completely demolishing the building, and burying all the hands employed in it, some fourteen in number, in the ruins. By some fortunate circumstance, however, but one man, named James Shaw, was killed, while five others were more or less injured.

Arrest of a Defaulter from England.

BOSTON, Sept. 3—3 P. M.

An Englishman named Edward Humphrey, who it is alleged is a defaulter to the amount of £40,000, had been arrested here.—Humphrey is the clergyman who eloped with another man's wife from England, as already published.

THE CITY.

How we "go Down Hill."

It has been the policy of the *News* and other of the city Press for some time past, to create an impression through the State, if possible, that the financial condition of the SENTINEL is as far from what the proprietors could wish, as *they* (our cotemporaries) are ahead of the SENTINEL in enterprise. For instance, the *News*, of Saturday, in devoting a great deal of space to NYM CRINKLE, adroitly edges in the following insinuation:

"With a few more such correspondents the SENTINEL would go down hill faster than its present rate of speed, which would be useless."

Such repeated falsities seem to call for a statement of facts. Not that we are over egotistical or deem our interests in any jeopardy, but simply like to have the SENTINEL estimated by some other standard of information. The *News* may be sincere in supposing that the SENTINEL is running down hill—the illusion is as natural as for the boy on the cars to suppose that the hills were all running away—the deception arising from the observer's own motion. Nothing can be more easily explained than that the "going up" of the *News* should make it appear that the SENTINEL was going down. But our cotemporary shall be treated to a little sublimity in the way of facts, mere statements it is true—but mark you—statements that any citizen or passer by can verify by stepping into the SENTINEL Counting Room.

We observe, in the first place, that notwithstanding the hard times of the past two years, the DAILY SENTINEL has steadily increased in circulation, while the TRI-WEEKLY and WEEKLY editions have nearly doubled. Are those assertions difficult to swallow? Let our insinuating humorist examine for himself.

In the second place we observe: that the SENTINEL employs *forty-eight* hands, distributed through the various departments of the establishment, all of whom are invariably paid *in full*, IN CASH, (not trade,) every Saturday. Our bills with one house, for the article of paper alone, exceed *one thousand dollars per month*—almost as much as that of all the rest of the English papers in the city, combined.

In the third place, we should like to observe: The SENTINEL concern is free from debt. Can the *News*, or any other paper in Milwaukee, make the same boast, in truth?—We hope so, but doubt it.

Fourthly—we observe: that (subject to verification at any time,) the circulation of the DAILY SENTINEL, *in the country alone*, is greater than the whole Weekly circulation of any other Daily paper in Milwaukee—while, *in the city*, it nearly doubles that of any other Daily published here. This is certainly very astounding, but how can it be helped? It is true.

Fifthly—we observe: the idea of our "going down hill," so apparent in the general irony of our neighbor, probably originated in the fact that we have but recently expanded from our old quarters—come out in a new domicil—fitted up at a great expense upon the main business street—bought a new sign—white-washed and frescoed and fixed up generally. This move to meet the demands of an increasing business, looks like the sudden glare of the just expiring taper, to the *News*, and it needs but one more allusion to Fox Lake, one more foray of NYM CRINKLE to snuff us entirely out. "Alas, poor Yorick!" one might indeed suppose that our down hill progress would beget a little sympathy from the prosperous commercial autocrat. But no! he raises his boot and sends us on our downward way rejoicing, with a very fiendish kick at our Mr. JEFFERSON BRICK.

Lastly, we observe, if envy, malignity and contemptible jealousy could effect our well being, we should not only have been going down hill, but would have arrived at the bottom long ago.

A BLUNDERING CRITIC.—A correspondent of the *News*, inappropriately signing himself "Argus," borrows a bolt of DICKENS' thunder, and very "sarcastically" aims it an individual connected with this paper. But like some other correspondents of that sheet, this one's *ear marks* are so distinct as to leave no doubt as to the species of the animal. We quote the following as a specimen:

The careful readers of the Milwaukee papers must have noticed in what has been sarcastically termed the "Leading Republican sheet," a very marked STYLE *of erudition which* HAVE *written the distinctive marks of the locale*, or editor in chief of that journal. They have, no doubt, perused with mingled *mirth and merriment* the heavy political and warlike *leaders* which *marks* the *Sentinel* when its responsible head is turned, or gone-a-fishing.

When "Argus" learns to write two sentences without committing that number of direct assaults upon LINDLEY MURRAY, then perhaps he can more fittingly set himself up as censor of the *Sentinel*. The *News'* critic, we say inappropriately signs himself "Argus," because he should have omitted all but the *first* and *last* letters, and added another *s* to write himself down in his true character.

SATURDAY EVENING, appointed for the final action in regard to the Horse Railroads, Aldermen PRENTISS, PHELPS, NEIDERMAN and O'NEIL, together with the Clerk and reporters, assembled at the Council room, and waited until half-past 9 for a quorum.—Alderman WEST, being sent for, completed the desired number, and they finally got to work. Alderman WEST took the chair on condition that the ordinance should be laid on the table. Alderman PRENTISS, as chairman of the Committee on Rail Roads, reported in favor of each R. R. bill, and Ald. PHELPS moved the adoption of the report.—The President then reminded Ald. PHELPS of the arrangement, and the report was "magnificently"—laid on the table.

EXCURSION.—The excursion from Grand Rapids to this city takes place to-morrow.—The tickets have been reduced to one-third of the regular price, and we shall expect to witness a great crowd. The Grand Rapids people are whole-souled folks, and we shall never forget the reception that was tendered an excursion from this place some months ago. Nor shall we ever forget the beautiful little city they are so justly proud of—it is emphatically a grand—rapid place.

THE COUNTERFEITERS BOUND OVER.—The counterfeiters PUTNAM and HOSMER, who were arrested at Racine on last Thursday by CONOVER and POWERS, were examined Friday afternoon before Judge MILLER, of the U. S. District Court, and HOSMER was bound over in the sum of $1,000, and PUTNAM in $800 for their appearance at the January term of Court. They are now in jail, and it is doubtful if they get bail.

BOY DROWNED.—Friday afternoon a boy by the name of EMIL JACOB PEARDER, aged 13 years, fell out of a boat in the Milwaukee river, a little above the Menomonee, and was drowned. His mother lives at 37 East Water street. His body was dragged up by Policemen DELANEY and SMITH, but no inquest was held, the accident having been witnessed by several.

BAMFORD & BALDWIN have laid on our table the N. Y. *Herald*, in advance of the mail.

R. B. BELL & CO. advertise twenty hhds sugar this morning. See advertisement.

THE JOKE of the following squib from the *Wisconsin* consists in the Locale's intimating that *he did not go*, but gave his ticket to some one else, after he reads the joke in the Chicago *Journal*. We entirely agree with our Chicago friend; it certainly is hard work, in fact an impossibility, to navigate a *straight level in that city:*

THE RECENT EXCURSION.—The Chicago *Journal* lets the cat out of the bag, in speaking of the recent excursion from this city to Chicago. We thought there must have been something wrong about it, for a good many got left in Chicago, and we permitted a certain individual to go on our ticket, as a reporter, whom we have not seen or heard of since. But it is all explained now, in the following from the *Journal:*

The Milwaukee *Sentinel* came to this city on Wednesday last, in the steamer *City of Cleveland* excursion, and complained bitterly of the grades and pavements in our city. A good many of that crowd; judging from their appearance, found it hard work navigating a straight level.

EXPLAINED.—The following, which came to us with the last number of the Baraboo *Republic*, fully explains the ecstacy of our friend as reported in Saturday's paper.

On the 31st ult., at the residence of J. S. Moseley, Esq., by the Rev. W. H. Thompson, Mr. A. N. KELLOGG, editor of the Baraboo *Republic*, and Miss ANNIE E. BARNES, all of this village.

YOUNG MEN'S CHRISTIAN ASSOCIATION.—The regular monthly meeting of this association will be held to-morrow (Tuesday) evening, at 7 1-2 o'clock, at the rooms of the association, in Bowman's new building, Milwaukee street, adjoining the Post Office. An essay by one of the members will be read as usual. All young men are cordially invited to attend.

POST OFFICE NOTICE.—On and after Monday, Sept. 5th, mails for Dubuque and Dubuque D. P. O., Iowa; Dunleith, Galena and Freeport, Ill.; also all points on the Racine & Miss. R. R., will close daily, except Sundays, at 8 A. M. J. B. DUNLAP, for P. M.
P. O., MILWAUKEE, Sept. 3, '59.

MR. BROCKWAY has completed the race track on the Fair grounds. There will be a boy in attendance every day (until the commencement of the State Fair) at the Spring street gate to admit visitors free of charge who wish to drive on the course.

FOUND.—A purse containing a small amount of money was found Saturday on East Water street. The owner can have it by calling at this office and paying charges.

WE are indebted to MACK BROS. for New York papers of recent date.

BAMFORD & BALDWIN, at the M. & M. Depot, keep all Eastern Dailies and Weeklies, Harper's monthly, the Atlantic and Ballou's. They furnish the latest news ahead of mail, and can supply the *Sentinel* to all who desire it.

TELEGRAPH!

REPORTED BY THE N. Y. ASSOCIATED PRESS FOR THE DAILY SENTINEL.

Later from California Overland.

ST. LOUIS, Sept. 2.

The overland mail of the 12th ult. has arrived. Business inactive and prices unchanged.

W. T. Wilkins, District Attorney of Sutler Co., and candidate for the Legislature, was shot on the 9th, by Judge Way, of Yuba Co., whose daughter Wilkins had seduced.

Senator Broderick addressed the largest meeting ever assembled at Sacramento, on the 9th. He made a full expose of the bargain and sale of the Gwin Senatorial election.

The Convention at Carson Valley have framed a constitution for a provisional government, and declares Carson Valley independent of Utah, and gives it the name of Nevada Territory.

Victoria dates are to the 6th of August.—The Island of San Juan, between Vancouvers and Mainland, claimed by our Government as a part of Washington Territory, has been occupied by sixty United States troops, by order of Gen Harney. Governor Douglas has issued a protest, claiming the Island for the British Crown, and also despatched some armed vessels, with two hundred sappers and miners. The United States vessels Massachusetts, Jeff. Davis, Shubrick and Active, and British vessels Tribune, Satelite and Plumper, were either anchored off the Island, or in immediate vicinity. It was unofficially stated in Victoria, that the matter will be compromised by the joint occupancy of the Island, until the British and U. S. Governments could be advised as to the existing state of affairs.

Gen. Harney was expected at San Juan on the 5th of August.

Frazer River mining news is encouraging. Seventy-five thousand dollars in gold reached Victoria within a fortnight.

Advices from Oregon state that the Palos Indians are harrassing Lieut. Mullen's wagon road, destroying mile posts, and burning the grass on all camping grounds.

Los Angelos Vineyard, 15th, gives an account of a battle between fifty troops under Major Amistead and four hundred Mohave Indians, on the 4th, in which about 50 Indians were killed.

Treaty Ratified.

WASHINGTON, Sept. 3—3 P. M.

The Department of State have been informed of the ratification, by Nicaragua, of the Lamar-Coledon Treaty, after the omission of the obnoxious clause objected to by this government.

Departure of the Bremen.

NEW YORK, Sept. 3—3 P. M.

The steamer Bremen, for Southampton, sailed at noon to-day, with 120 passengers. She took out no specie list.

LATEST NEWS!

BY LAST NIGHT'S REPORT

LATER FROM EUROPE.

ARRIVAL OF THE STEAMER ARAGO.

ST JOHNS, Sept. 3—9 P. M.

The U. S. Mail Steamship Arago, Captain Lines, from Havre to Southampton on the 24th of August, passed Cape Race at 1 o'clock this P. M.

We are inclined to think that the dispatch has been unintentionally mis-dated, and that the Arago passed Cape Race on the 2d.

The screw steamship Anglo Saxon, from Quebec, arrived at Liverpool on the 23d of August.

The Liverpool Breadstuffs Market had a declining tendency, as also had provisions.

Concols closed at 95 1-2a95 5-8 for money and account.

New York Matters.

NEW YORK, Sept. 3—9 P. M.

The North Atlantic Steamship Co. have issued advertisements that the new line to San Fransisco, via Panama R. R. is established, with the Collin's steamers, Baltic, Adriatic and Atlantic running to Aspinwall—the steamers of the Pacific mail steamship Company from Panama. The first trip will be made by the Baltic, on the 5th of Otober, to be followed the Atlantic on the 20th.

The Herald says: Among the arrival at the Clarendon Hotel in this city, we are pleased to record that of the Hon. Grantley Berkley, the celebrated English hunter and sportsman. This gentleman has visited the United States for two purposes; his first design is to proceed to the west, to hunt the elk, the antelope, the buffalo and the other animals which hold undisputed possession of our extensive prairies and forests. For this purpose he has brought his hounds, and he intends to enter with spirit into the sport, so that he might find abundant meterial for his adventures, which he proposes to send to the *Field*, the sporting paper of the English metropolis.

His next intention is to visit all the western farms and plantations, and witness the operations carried on upon them in regard to the care and rearing of stock. There can be no doubt the Hon. gentleman will meet with a warm and generous reception from the true hearted and sturdy sons of the West, who will gain a great deal of information from him concerning English sports, in all the branches of which he is so proficient, while on his part he will not fail to gather some useful lessons from the hardy American sportsmen and that beautiful country. Let the western sportsmen bring their powder dry, for the hunt will soon begin.

La Crosse R. R. Meeting at New York.

NEW YORK, Sept. 3—9 P. M.

At the meeting to-day, called by the parties connected with the management of the La Crosse & Mil. R. R., who have a favorite scheme for scaling the second mortgage bonds of the Eastern division, and the Land Grant bonds, nothing of moment was done. The holders of these bonds generally, especially the Land Grants, failed to see the propriety of the propositions advanced. A committee, however, was appointed.

The meeting was not a success in point of numbers. Mr. Gage, the President of the Board, was present, and made a statement of the condition of the concern. The following committee was appointed: Jas. S. Soulter, F. Vose, E. F. H. Gibson, Justus Palmer, and H. G. Gilbert, of Albany. The road will probably be sold out for the benefit of the land grant bonds.

Important from Mexico.

ST. LOUIS, Sept. 3—9 P. M.

The Arizona correspondent of the Republican, writing from Tubac Aug. 17th says that the express from Magdola brings intelligence that the Mexican States of Sonora and Chihuahua, were about to declare for independence, and that Gov. Plequino had been placed at the head of affairs. For some time past, Plequino has been receiving large supplies of cannon, small arms and ammunition, and has increased his army to nearly 3000 men.

The Railroad Strike.

CHICAGO, Sept. 3—9 P. M.

The strike on the Michigan Southern railroad still continues. A delegation of strikers went to Adrian for the purpose of arranging matters. Up to 7 o'clock this evening no compromise was effected. During negotiations no trains were allowed to run. A meeting of the citizens of Laporte last night, expressed sympathy for the employees, offering to assist them pecuniarily, or otherwise.

GRAND CHANCE TO EXCHANGE Farm Mortgage Bonds.—I have left with me a large quantity of Lands in Texas, to exchange for Farm Mortgage Bonds in Wisconsin. The property in Texas is very valuable, and I presume it is well known that there is no State in the Union, where the property is so desirable and on the increase as it is now in Texas. Any one who has any Bonds as above mentioned, if they will call at the City Land Office of Ogden & Wall, they can ascertain all information they want.
jy26 CALEB WALL, City Auctioneer.

CITY LAND OFFICE
WE HAVE THE FOLLOWING VALUABLE Property, which we are authorized to exchange for City Property improved—for Dwelling Houses and Lot in Seventh, First or Fourth Wards: The undivided sixteenth interest of fourteen thousand and sixty-six acres of valuable Pine Lands, in Marquette county, Michigan. The Lands are surrounded by Mills, and are in the neighborhood of valuable Mines. Prefer having unencumbered property, but would exchange for property that is encumbered, provided the encumbrances are not too large. Also five hundred and sixty acres of Improved Land, in the State of Illinois in a large settlement two and a half miles from the Mississippi river, and within one hundred miles of the city of St. Louis.—Will also exchange this property for house and lot in the Seventh, Fourth or First Wards. The Lands are all free from any encumbrances. Title is perfect.
Also, we will sell that well-known Hotel and two lots, known as the Atlantic House, formerly the Hawkins House, Fifth Ward. Its situation for business is good, being very near the depot of the Milwaukee & Chicago R. R., and immediately opposite the said Hotel six new brick stores are going up. The said Hotel and lots will be sold on ten years credit, without any money being paid down, with seven per cent. interest.
Also a farm of 40 acres 2½ miles from city limits, which we will sell for $2,200, cash.
We have continued applications to exchange city property for farms, and there is also an increased demand for farms from the large emigration which is now coming to our state. Any one who has farms along the La Crosse Railroad it would be well for them to leave a list of same with us.

Does the Constitution Create Slavery?

The opinions of public men upon the great political questions of the day, are public property; and all have an undoubted right to enquire into the soundness and justice of those opinions; particularly is this the case when a public man places before the people a document, in which questions and principles of the deepest interest are discussed, and new doctrines and policies of government are set forth, upon which he places himself and asks the people of the United States to support him as a candidate for the Presidency.

Then without any long studied argument, I shall proceed to examine into some of the positions assumed by Mr. DOUGLAS in his late document.

He says that the "first duty of an American Stateman is, to mark distinctly the dividing line between federal and local authority," —"that the relative powers and functions of the federal and State governments are well understood, but that the right of the people of a territory to govern themselves, in respect to their local affairs and internal policy, remains a fruitful source of partizan strife and sectional controversy."

Whether Mr. DOUGLAS has yet learned to perform the first duty of an American statesman I will not attempt to say; but it is genally considered by all parties, that Congress has no right to interfere with the institution of slavery in the States where it exists. Slavery is a creature of local, positive law, and no State has the right to interfere with the local affairs of a sister State. This is the position of the Republican party, and I believe it is the position of Mr. DOUGLAS, as to the rights of the States upon the question of slavery. But as his doctrine of Popular Sovereignty is a territorial one, involving the right of the people of a territory to establish or abolish slavery, and also the rights of Congress to legislate upon the question of slavery in the territories, I shall first proceed to examine into the rights of the territories; secondly into the rights of Congress as regards the question of slavery.

The original thirteen colonies before the foundation of the confederation, were separate and independent powers. As Mr. DOUGLAS says, slavery existed and was governed in each of those colonies, by different local laws, and as the laws of each colony had no force beyond its own limits, a slave could be held as such only in the colony where he was made a slave, and as soon as he got beyond the borders of such colony he became a free man.

Then, unless at the time of the formation of the Union and of the constitution, slavery was made national, it remained after that time, the same as it was before, a creature of local law, and not national in its character.

But did the constitution nationalize slavery; or, was it made national in the formation of the Union in any manner? When the different delegates which formed the constitutional convention stepped beyond the borders of the States or Colonies which they represented, they left their local laws behind them, and when they met in the constitutional convention they must have been governed not by the thirteen different State laws, but by the law which was common to them all, which was the common law; hence their acts, proceedings, and the constitution must be interpreted by that law. But the common law does not recognize slavery, or property in man, and as soon as a slave stepped on the soil of England, he became a free man and the law will protect him in the enjoyment of his person and property. [Blackstone's Com., book 1, page 424-425.] And as will also appear in the case of JAMES SOMMERSET, who was an African, was sold to a person and taken to Virginia, from thence he was taken to England where he was released from slavery. Lord MANSFIELD granted a writ of habeas corpus, ordering the Captain of the ship, who held SOMMERSET in custody to bring him up with the cause of his detention. The above facts being disclosed on the return, JAMES SOMMERSET was set free. [See Hargrave's argument in 11 St. Tr. 340, and the case as reported in Lofft's Rep. 1.] In those cases it may be seen that liberty by the common law depended not upon the complexion. And, as was remarked by one learned writer, the air of England is too pure for a slave to breath in. Then as slavery could not exist by the common law, unless it was expressly authorized and established by the constitution, it could only exist by positive local enactment.

All subjects of law are divided into the rights of persons, and the rights of things; things are treated as property, but persons are never treated as such, and if slaves are spoken of at all, in the Constitution, they are spoken of as persons and not as things; for instance, "three-fifths of all other persons," and "any person held to service or labor in one State, &c.," which language of the Constitution speaks of them as persons in contra-distinction to property.

The first clause in the Constitution which is claimed to refer to slaves is in Art. 1 Sec. 2, which is as follows: "Representatives and direct taxes shall be apportioned among the several States according to their respective numbers, which shall be determined by adding to the whole number of free persons, *including those bound to service for a term of years* and excluding Indians not taxed, three-fifths of all other persons." It is not pretended by any that those who are mentioned as being held to service, are referred to as slaves; but that the phrase "three-fifths of all other persons" does refer to them. But if this clause authorizes slavery, it also authorizes and creates that other class of persons, who are spoken of as being held to service as above referred to, who are generally supposed to be apprentices, together with Indians who are taxed, for they are all spoken of alike.

Sec. 9, Art. 1 says that "the migration or importation of such persons as any of the States now existing shall think proper to admit, shall not be prohibited prior to the year one thousand eight hundred and eight." If this clause refers to slaves, it plainly shows that after the year 1808 Congress had the right to prohibit the *importation or migration* of such slaves into *any* of the original thirteen States, and that as to the new States which might be formed, Congress had the power to apply such a prohibition, at any time.

The 2nd clause of section 2, article 4, says "no person held to service, or labor, in one State, under the laws thereof, escaping into another, shall in consequence of any law or regulation thereof, be discharged from such services or labors but shall be delivered upon claim of the party to whom such service or labor is due." There are good reasons for believing that this clause does not refer to slaves. The phrase, "persons held to service and labor," in this clause is precisely like the one in section 2, of article 1, which refers to apprentices, and which no one will pretend has references to slaves, but why should we not believe that they both refer to the same class? Again, if a slave is property, (as he is claimed to be in the States where they exist) then they can owe nothing, neither can anything be due from them, for all that they are or have is their masters. That is due from another which justice and right requires one to pay; does justice or right require one person to work and be enslaved by another? Who ever heard of an ox or a horse being indebted to a man; yet a slave and a horse are both alike regarded as property in the above States.

Nevertheless, if this last clause does refer to slaves, still the constitution does not authorize slavery, neither does it give to Congress the right to protect it any more than it authorizes and protects criminals; because they are to be remanded back to the State from which they may escape, as well as slaves.

Now I have referred to every clause in the constitution which any one will claim as having reference to slavery; and every candid mind will be satisfied that there is nothing in the constitution which creates, authorizes, or encourages slavery. Then it must exist after the adoption of that instrument, just where it did before, a creature of local law; hence cannot exist outside of the State in which it is created. Therefore, as soon as a person who is held a slave under the law of any State, is taken, or escapes beyond the borders of the State in which he was made a slave, he becomes a free man, and no power, legislature, or Congress, has any more right to reduce him again to slavery, than they have to make slaves of every person in this State; neither have they any more right to again deprive him of his liberties than they have to deprive him of his life. Then, in order that slavery may exist in a territory, it must be created therein. But what power is there which has any right to create it, and to make one man or class of men work and slave for another. There is no power which has such a right; but if there was such a right, who could exercise it? Mr. DOUGLAS advocates the power of the territorial legislature to exercise it. If it can take away any man's liberty, it can take the liberties of all away. From whence does it derive such power? all the power it possesses is derived either from Congress, or from the people, but mainly from Congress. It is not claimed that Congress can give it that right. Has one man any right to compel another to be a slave and work for him. If one has no such right, two, four, fifty, or one hundred, or one thousand have no such right. Then if no number of people have any such right, they cannot delegate it; and if the people of a territory, or Congress cannot delegate that right to the territorial legislature, then it cannot exercise it. Then it must appear evident to every intelligent mind, that by virtue of any power which may exist in a territorial legislature, by the constitution, or by the common law, slavery cannot be created or exist in a territory.

The Phonetic Reform.

The following address by the Hon. JOHN B. JILSON, of Kenosha, was read before the Phonetic Convention, at its session at Portage City, on the 26th ult., and ordered printed. We would ask for it a candid perusal by every friend of Education in the State:

To the Friends of Education in Wisconsin:

The saying of a wise man and erudite scholar that he who "makes two blades of grass grow where but one grew before, has conferred a lasting benefit upon the race," is more and more realized every day through the practical inventions that American genius is developing in all the useful walks of life. Art and science are fast emerging from their chrysalis and theoretic state to the practical and useful. The shortest distance between two points, the easiest mode of access, the least possible friction in the working of machinery, the greatest capacity of a given force, the highest results, the fullest achievements on the smallest capital. These are the living issues, the ready questions of the day; what best answers them, meets and obtains success. Why should the acquirements of reading, of elocution, of orthography, be exempt from the general spirit of progress? Are our teachers less inventive, less practical, less awake to the higher results of their profession than the mechanic and agriculturist?—Or has the old A B C practice become stereotyped, patented, having pains and penalty attached to the violation of accustomed usages? Must Runic lines always be traced, though never so crooked, and a twenty-six inch bedstead always be used by our pedagogic Procrustes' to teach a language that is now six feet and well proportioned. We cannot believe it; we know the characters of our teachers too well; they are generally a wide-awake, intelligent, active and progressive class, whose ready answer will be, "show us a better way and we will adopt it."

We believe we can show a better way than the old A B C method, or any other arbitrary system that has been in use in teaching the art of the English language. We present to you the Phonetic method, and claim that it is based upon purely natural and elementary principles; that it is Nature's method, and therefore cannot be wrong; that it is truthful and therefore harmonious with itself; and with all sciences; that it is easy of acquirement and in the highest degree pleasing and suggestive to the pupil; that it cultivates habits of correctness in pronunciation, educates the ear to a critical distinction of sounds, and gives self-reliance to the pupil by starting him upon the elementary basis of all language—the Phonics of the human voice.

But singular enough, our educators, instead of beginning upon this truly scientific basis to teach the art of reading to the child, commence upon the arbitrary ideographic mode of learning the names of letters instead of the elements of sounds, the result of which is that when the child has memorized every letter of the alphabet to perfection—he has made no advance in the combination of sounds to produce syllables; he has learned nothing that will suggest to him the way to spell the word boot, or any other the most simple of words; he has parrot-like learned the names of the letters, he must now parrot-like learn to spell, and read; and were it not for the native genius of the child, rising above the forms and shackles of his training, he would always be a parrot.

But you ask how can this be remedied? We must take things as they are, we can't revolutionize English orthography and change the habits of a nation in a day. Our books are all clothed in this garb; as our fathers did, so must we. The plea is old; its form is stereotyped; it meets us on every platform, it always has, it always will; yet notwithstanding, the world has progressed, it will continue to progress. The English language will one day be Phonetic, and that at no distant day. When the principle is admitted and universally known, the outward form will clothe itself to represent its inward beauty. Silently the barbarism of the past have disappeared. Silently will the excrescences and absurdities of our present orthography disappear; before the advancing science of the day, they *must* disappear. A more rational mode of teaching the elements if reading will induce a more rational mode of spelling. When the rising generation have learned to spell by sound, they will soon learn to write by sound, and no ancient regime or time-honored custom will prevent the outward form from being the true expression of an inward principle.

GET READY FOR THE EXCURSION.—We trust that a large number of our citizens will participate in the delightful excursion to Milwaukee on Tuesday and Wednesday next.—Such an opportunity to visit the city of bricks, and at the same time enjoy a ride on first class boats across Lake Michigan, has never before occurred and will rarely be presented hereafter. There will be fine music on board the steamships, and we are assured that every preparation will be made to ensure a good time for the excursionists, both on the route and at Milwaukee. The fare will be only $2,50 for the whole trip, and return tickets will be good during the week.—*Grand Rapids Eagle.*

SEVENTH NATIONAL EXHIBITION OF THE U. S. AGRICULTURAL SOCIETY.—The second edition of premium lists of the above society has just come to hand. From it we learn the prospects of the Fair being a successful one, are all that could be desired.—The entry books will be opened at Chicago on the 5th of September, and the Fair commence on the 12th. Chicago just at that time will present a busy appearance, and the well-known hospitality of her citizens be fully tested.

THE Ripon *Times* of the 2d contains the following items:

Another severe frost last night cuts off the last hope for the corn and buckwheat crops in this region.

FIRES.—We learn that fires have raged extensively during the past week on the Fox River marshes in Green Lake and Marquette Counties, and that hundreds of stacks of hay have been burned.

WHY is an egg like a horse? Because it is not usable till broken.

THE PRIZE RING.

Great Excitement among the Fancy—Prospect of a Match between the Benicia Boy and Tom Sayers, the Champions of the American and English Prize Rings—Aaron Jones Pays forfeit to Sayers in the Match.

From the N. Y. Herald, Aug. 25th.

The sporting fancy of New York, have been in a high state of excitement for the last few days, in consequence of certain circumstances having transpired which render the long and ardently desired match between John C. Heenan, better known as the "Benicia Boy," the present champion of the American Prize Ring, and Tom Sayers, who holds the same position in England, almost a matter of certainty.

It will be remembered that some six months ago, the Benicia Boy, who had been disappointed in getting on a match in this country after his defeat by Morrissey, and the subsequent retirement of the latter from the ring, boldly threw down his cartel of defiance to the trans-atlantic champion, and challenged him to fight for any sum from one thousand to five thousand dollars and the champion's belt. This certainly appears at first sight a rash proceeding, as Sayers has fought some twelve or fourteen times in the ring, only suffering defeat once, owing to a want of condition, while the Benecia Boy had only once fought a regular prize battle, in which he was defeated by Morrissey.

But Heenan possesses natural advantages over Sayers, which, in the judgment of his friends, more than compensate for the greater experience of the latter in the prize ring. He stands nearly six inches higher than Sayers, and in weight is fully forty pounds heavier. He is also a much younger man, and possesses great muscular power and activity, as well as a fair knowledge of the science of self-defense. His challenge was duly despatched to England, but, owing to the ignorance or neglect of his business agent in this city, the necessary cash forfeit, without which all ring challenges (which are conducted on the cash principle) go for nothing, was not sent at the same time. The delay consequent on this state of affairs seemed likely to prove fatal to the Benicia Boy's hopes of a match, for before the mistake could be rectified another aspirant for pugilistic honors appeared in the field. This was Aaron Jones, who had previously fought and been defeated by Tom Sayers, and who had visited this country for the express purpose of training the Benicia Boy for his fight with Morrissey. After that event Jones had visited the Southern States, and at New Orleans he found an influential sparring friend who was willing to find the "sinews of war" and give him another chance to regain the laurels he had lost to Sayers, as well as gaining the position of Champion of England. This gentleman, therefore, immediately offered to match Jones against Sayers for the usual sum of one thousand dollars and the champion's belt, and in a business like spirit remitted to the usual stakeholder the entire amount.

At that time Sayers had no less than three matches on hand—viz: with Bill Benjamin, Bob Brittle, and an unknown. The first named has already been decided in his favor, while the fight with the second named will be decided on the 20th of next month. He, however, promptly acceded to Aaron Jones' offer, and deposited $250 forfeit to bind the match, leaving the arrangement of further details as to time and place of fighting, &c., until after his fight with Brittle. Had Heenan remitted his money at the time he sent his challenge, he would have had a prior claim upon Sayers' good offices to his former trainer, as the principle of "first come, first served," when the cash is forthcoming, holds good in pugilistic arrangements. In consequence of this, Sayers, in acknowledging the challenge of the Benicia Boy, courteously informed him, that although he had been anticipated by his friend Jones in arranging a match, he would have the greatest pleasure in accommodating him as well for the amount he stated, in case anything should occur to prevent the matches he had already made from proceeding, or even if he could prevail upon Jones to forego his prior claims to his services.

Matters have consequently remained in *statu quo* up to the last few days, the Benecia Boy's hopes of having an opportunity to "measure fists" with Sayers growing fainter and weaker as the period for which that champion was bound to maintain his honor and position intact—June next—was gradually approaching. The gentleman, however, who had so warmly espoused the cause of Aaron Jones, and who staked the whole amount for him as his backer, has lately become so dissatisfied with his *protege*, and his confidence in either his honor or abilities, or both, so diminished that he has written by the last mail to the stakeholder, notifying him that he forfeits the $250 down on Jones' account to Tom Sayers, and that he will not proceed any further with the match. He also instructs the stakeholder who is the editor of *Bell's Life in London*, to hold the balance $750, towards the match between the Benicia Boy and the English champion, and as the former has already $250 in the stakeholder's hands, the sum of one thousand dollars is now ready in London to match America's champion of the ring against the English champion.

As the road to an amicable match is now clear, we have little doubt but that Sayers will promptly and unhesitatingly give the Benicia Boy the chance he so earnestly desires of carrying off in triumph the champion's belt of the English prize ring. We may yet have an opportunity of witnessing and proving the truth or falsehood of the sneering assertion of the "leading journal of Europe," that Americans are degenerating in physical power and constitutional stamina. Should John C. Heenan succeed in defeating the gallant and scientific hero of the English ring in a fair, stand up, hand to hand encounter, it will be regarded by the majority of his countrymen as a far greater and more important national triumph than that of the recent victories of the American over English race-horses at Goodwood.

Return of a Cleveland Boy Stolen by Indians Twenty-six Years Ago.

From the Cleveland Herald, Aug. 30.

One of the most extraordinary narratives that we have had the fortune to relate has just come under our notice. It was told us by the hero himself, and the most searching investigation fails to shake the truth of the story, astonishing as it may seem to be. If there is any deception in the case, we fail to see its object.

About twenty-six years ago some Canada Indians were in Cleveland, and did some trading with the people. In the course of the trade the Indians fancied they had been cheated, and, in order to revenge themselves, stole a three-year old boy from the city and carried him off to Canada. As far as can be learned the child was stolen from a small brown house, but in what part of the city, or any further particulars of the theft, cannot be learned.

The captors kept the boy in Canada for a few days, and then fearing his recovery by the whites, sold him to a party of Pottawotamies, who kept him about a month. By these he was again sold to the Paw Paws, in which tribe he remained about a month, but, as there were some fears that he would be traced and taken by the whites, he was traded off to the Winnebagoes of Illinois and Wisconsin.

How long he remained in the keeping of this tribe has not been ascertained, but he was eventually transferred from them to the Chippewas of Wisconsin, who again sold him to the Sioux Indians of Minnesota.

Twenty-five years ago he was sold by the Sioux to the Snakes and Copperheads of Iowa. When this tribe removed to Missouri, he accompanied them, and afterwards went with them in their migrations through California and Oregon. That portion of the tribe with which he remained finally proceeded as far north as the Russian Possessions near Behring's Straits, and there, with portions of the Creeks, Utahs, and other large bands of Indians, they at present remain. Their principal point of settlement is about three hundred miles from the North Pacific Ocean, and about twenty-two hundred miles to the northwest of St. Paul.

One of the points in the Russian territory where the tribe occasionally visits is "Russian Fort," which is laid down on the map as near Colville River. The hero of this strange adventure says the Fort is in the vicinity of a small river, the name of which, other than given by his tribe, he does not know.

The Snake and Copperhead Indians trade with St. Paul, having a semi-annual train to that place. The train has about two thousand Indians. One party starts from St. Paul about the same time that the other starts from the hunting grounds, thus meeting them about half-way. The furs are packed on ponies, elks and dogs.

On their last semi-annual trip, the hero of these adventures received a pass from one of the chiefs—"Ma-co-chew-a-awa"—to seek out his relatives, and, if found, to remain with them a while.

The pass requires his presence in St. Paul at their next trip in 1860. Seven of the tribe accompanied "Mo-kes-e-que-qua"—for that is the Indian name of the young man—to Chicago. From that place he has footed it most of the way, and arrived here yesterday. At Fremont his features were recognized by a man as bearing a strong resemblance to one Joseph Todd, who is said to have resided in Cleveland about thirty years since.

For some time past the young man has been engaged in tracing up his history, and what we have given above is the result of his inquiries. He says he has no desire to leave his Indian associates as he has a wife and two children among them. He speaks English well, having learned it he says in his trading at St. Paul. He says that his hair was cut, and his clothing changed to conform to white usages before leaving St. Paul.

PUNCH says that Rarey is the philosopher of a Stable mind.

A WARNING TO BOYS WHO STAND ON THEIR HEADS.—The Portage (O.) *Sentinel* says:

We regret to record that our townsman, Dr. W. M. Prentice, has sustained a severe affliction in the death of his little son, Frank. While visiting recently with his grand parents, in Boardman township, Mahoning county, he was taken suddenly ill, and upon investigation the cause was found to proceed from too violent muscular exertion, he being accustomed, like many other boys, to performing such feats as walking on his hands, standing on his head, etc. He continued to grow worse, from day to day, the disease acting upon his physical nature, and not at all influencing his brain, until Tuesday of last week, when he expired. A few moments before his death, he bade his parents, little sister, and all his friends, good bye, and noticing the feelings exhibited by them, took the hands of his father, and said "Poor Papa and Mamma," and immediately composed himself for that sleep which knows no waking in this world.

☞ ALFRED MARKS, Esq., says: "My wife has been sorely afflicted with Dyspepsia for the last year. During that time she had used so many medicines which seemed to aggravate rather than remove the disease, that we almost despaired of her recovery. Living in the country, she enjoyed all the advantages of pure air and exercise, yet each day she seemed to be more enfeebled. With some difficulty, I persuaded her to take your HOLLAND BITTERS, which, I am happy to state has completely cured her."

PRINCE IMPERIAL
CHAMPAGNE;
FROM
De Venoge & Co., Epernay, France.
THIS IS A PERFECTLY PURE AND DELICATE WINE, from the vineyard of Messrs. De Venoge & Co., whose estate lies in the *center of the far-famed Champagne District of France*. It has hitherto been confined to the best tables of England and the Continent, and has only very recently been introduced into this country, where its rare quality, combined with the moderate price at which it is offered, is already achieving a success and popularity unprecedented in the annals of the Wine Trade.
Sold in this city, at the principal Hotels, and by all the leading dealers throughout the country.

THE UNDERSIGNED BEGS LEAVE to inform his friends and the public in general, that
Messrs. FREUND & GROSSINGER,
Of New York, have appointed him SOLE AGENT for the sale of their
HUNGARIAN WINES.
The superiority of these wines over all others, as well as the purity of the same, will be seen by reference to the unnexed certificate of C. T. JACKSON, M. D., &c., &c. Messrs Freund & Grossinger will keep me constantly supplied with a well-assorted stock, which will enable me to furnish my respective customers with a superior article at New York prices.

THE PURE WINES OF HUNGARY.
STATE ASSAYER'S OFFICE, 32 Somerset St., BOSTON, July 1st, 1858.
Messrs. FREUND & GROSSINGER,—
Gentlemen:—I received from you eight samples of Red and White Hungarian Wines, which, at your request, I have submitted to chemical analysis. I send you the details with this letter.
From my researches it appears that these Wines are pure, and they contain nothing but the products of the grape. I can confidently recommend them to the public as good and pure wines, and as not so likely to become sour as the light wines of France.
I exposed my samples forty-eight hours to the air, in a warm room, without any souring having taken place.
The general character of the red Hungarian Wines is that of the Red Burgundy of France, and the White Wines (with the exception of the sweet or dessert wine) are between Hock and Sauterne, but somewhat stronger than either of these.
I am satisfied that, when known to the public, the Hungarian Wines will be greatly in favor, and that they will be much sought for.
Respectfully, your obedient servant,
CHARLES T. JACKSON, M. D.,
je22h451d3m State Assayer.

TESTIMONIAL.

BOSTON, July 19, 1857.

MESSRS. J. BURNETT & CO.—I cannot refuse to state the salutary effect in my own aggravated case, of your excellent Hair Oil—(Cocoaine.)

For many months my hair has been falling off, until I was fearful of losing it entirely. The skin upon my head became gradually more and more inflamed, so that I could not touch it without pain. This irritated condition I attributed to the use of various advertised hair washes, which I have since been told contain camphene spirit.

By the advice of my physician, to whom you had shown your process of purifying the Oil, I commenced its use the last week in June. The first application allayed the itching and irritation; in three or four days the redness and tenderness disappeared—the hair ceased to fall, and I have now a thick growth of new hair. I trust that others, similarly afflicted, will be induced to try the same remedy.

Yours, very truly,
SUSAN R. POPE.

A CARD TO THE "LADIES."

Dr. Duponco's Golden Periodical Pills
FOR FEMALES.

THE COMBINATION OF INGREDIENTS in Dr. Duponco's Golden Pills are perfectly harmless. They have been used in the private practice of old Dr. Duponco for over thirty years, and thousands of ladies can testify to their great and never failing success in almost every case, in correcting irregularities, relieving painful and distressing menstruation, particularly at the change of life. From five to ten pills will cure that common yet dreadful complaint, the Whites. Nearly every lady in the land suffers from that complaint. The above pill has permanently cured thousands, and will cure you if you use them. They cannot harm you, on the contrary, they remove all obstructions, restore nature to its proper channel, and invigorate the whole system. Ladies whose health will not permit an increase of family, will find these pills a successful preventative. Pregnant Females, or those supposing themselves so, are cautioned against using these pills while pregnant, as the proprietor assumes no responsibility after the above admonition although their mildness would prevent any mischief to the health—otherwise these pills are recommended. Full and explicit directions accompany each box. Price $1,00 per box. H. BOSWORTH & SONS,
Wholesale Agents for Milwaukee.

They will supply the trade at Proprietor's prices, and furnish circulars, and show cards. Sold also by H. Fess, jr., 195 East Water St., J. M. Alcott 258, J. H. Tesch, 9 Spring St., and C. H. Gardiner & Co., 19 Spring St. "Ladies" by enclosing $1,00 to H. Bosworth & Sons, or either of the above Agents, can have the above Golden Pills sent to any part of the country (confidentially) by mail.

N. B.—Be particular in asking for Dr. Duponco's Golden Pills, and remember, they are not a secret nostrum, every agent is given the receipt composing the Pills, and they will tell you they are the best and safest Pill for Females, ever introduced since the science of Medicine dawned upon the world.

"TIGHTNESS OF THE CHEST," COMMONLY so-called, is instantly relieved by bathing the chest with R. R. Relief.

BAD COLD—As soon as you find you have a Cough or Sore Throat, or experience any difficulty in breathing, check the symptoms immediately. If allowed to run on, they will entail more serious difficulties upon you. A dose of Radway's Renovating Resolvent, followed with three or four Regulators, will immediately check and cure a recent cold; and the continued use of the R. R. R. Remedies will speedily cure the most obstinate Coughs. In many cases of confirmed Consumption it has proved highly efficacious. It acts powerfully upon the lungs, and is a most excellent expectorant. In five minutes it will loosen the phlegm, and give relief to the distressed. In many cases of Asthma, where the patients were almost suffocated, it has in five minutes given entire relief. In all obstinate cases, each of the R. R. Remedies must be used

R R R is sold by C. Harrington, Bosworth & Sons L. F. Lake, and J. H. Tesch, Milwaukee, and by druggists everywhere. sep2dawiw

THE BOUGH-APPLE.

The bough-apple! the bough-apple!
With what a mellow sound,
Dropping from out its leafy nest,
It plumps upon the ground!
The thick, green turf is spread in vain!
The golden apple breaks in twain!
I haste to pick the treasure up,
To bind with ribbon blue,
And scribbling thus a hasty line,
Despatch my prize to you.
Its blush, dear coz, is warm as thine;
Its cheek as fresh and fair;
Its *broken heart* a type of mine!
Oh, bid me not despair!

Inventions and Discoveries.

An article upon the invention of a "static power," "water gas," "caloric ship," or "flying machine," appearing in some leading journal, is caught up by the country press, and excites the whole community. It is well for children to play with soap bubbles, but the excitement of a community of intelligent men, produced by some unphilosophical scheme of designing financiers, or over-sanguine inventors, is universally followed by disappointment and disgust. Nineteen-twentieths of the reputed discoveries in practical science are no more nor less than practical humbugs.

Archimedes, through his scientific investigations, discovered that, with the aid of certain conditions and devices, he could overturn the world; but he was too much of a philosopher to believe, and to honest to pretend, that he actually had the lever and fulcrum with which to accomplish it.

Watt, though a sanguine inventor, had common sense enough to see the limit of his genius, and, after applying his condenser and cut-off to the engine of Newcomer, whereby a certain per centage of power was gained, instead of astonishing the world with promises of what he would do, declared his work completed, and the steam-engine perfected.

Watt is now universally acknowledged to have made the greatest of all improvements in the practical application of steam as a motor, and yet the superiority of his engines was not sufficient to effect a rapid introduction. No invention or discovery has ever yet burst upon the world like a thunder-clap.—Then why expect it? Those who suppose the progressive arts can outstrip nature's requirements must suffer disappointment.—Evans created no surprise or excitement when he propelled a mud-scow at a moderate rate down the Schuylkill and up the Delaware, for saw-mills had been propelled before, and why not mud-scows now? But as he did not pretend that the perfection of her machinery was such that she could cross the Atlantic in nine days, the public took a considerate view of this new application of steam. In time, and after careful research and experiment, Fulton took another step, and finally the work was gradually accomplished, and the Atlantic became a daily ferry for steamers. When we consider how few of the fifty or sixty patents granted per week are ever after heard of after appearing in the published report, and how few of those illustrated, described in detail, and announced by the publishers of our scientific papers as "valuable improvements," ever repay either inventor or public, it is not strange that the incredulous consider inventive genius as a misfortune, and the origin of humbugs. Were all inventions that carry positive or prima facie evidence of inefficiency discarded by the press, those which a truly useful, though they may be few, would be welcomed, if from no other motive than pecuniary interest.

THE SNAKE AND CROCODILE.—The following thrilling account of an engagement between a boa constrictor and a crocodile in Java, is given by an eye witness.

It was one morning that I stood beside a small lake, fed by one of the rills of the mountain. The water was clear as crystal and everything could be seen to the very bottom. Stretching its limbs close over this pond, was a gigantic teak tree, and in its thick, shining evergreen leaves, lay a huge boa in an easy coil, taking his morning nap.—Above him was a powerful ape of the baboon species, a leering race of scamps, always bent on mischief.

Now the ape, from his position, saw a crocodile in the water rising to the top, exactly beneath the coil of the serpent. Quick as thought he jumped upon the snake which fell with a splash into the jaws of the crocodile. The ape saved himself by clinging to the limb of a tree, but a battle commenced in the water. The serpent, grasped in the middle by the crocodile, made the water boil by his furious contortions. Winding his folds round the body of his antagonist, he disabled his two hinder legs, and by his contractions made scales and bones of the monster crack.

The water was speedily tinged with the blood of both combatants, yet neither was disposed to yield. They rolled over and over, neither being able to obtain a decided advantage. All this time the cause of mischief was in a state of high ecstacy. He leaped up and down the branches of the tree, uttered a yell, and again frisked about. At the end of ten minutes silence began to come over the scene; the folds of the serpent began to be relaxed, and though they were trembling along the back, the head hung lifeless in the water.

The crocodile was also still and though only the spine of the back was visible, it was evident that he too was dead. The monkey now perched himself on two lower limbs of the tree, close to the dead bodies, and amused himself for ten minutes in making all sorts of faces at them. This seemed to be adding insult to injury. One of my companions was standing at a short distance, and taking a stone from the edge of the lake, hurled it at the ape. He was totally unprepared, and as it struck him on the side of the head, he was instantly tipped over and fell upon the crocodile. A few bounds, however, brought him to the the shore, and taking to the tree, he speedily disappeared among the branches.

CERTAIN CURES FOR BOTTS IN HORSES.—"Livery Keeper" writes thus to the Kentucky *Farmer:*

"When you find your horse complaining, and looking around at his side, and lies down pretty often, and is not swollen, you may very readily come to the conclusion that he has the botts. Lose no time in giving him a quart of sweet milk and molasses, and just as soon as you let his head down, after he swallows the drench, slap him several times on the side of which he complains most, with a paddle about two feet long, six inches wide and one inch thick, striking him pretty hard; this process jars the botts loose from him, and they take hold of, and feed on the milk and molasses. In ten or fifteen minutes after striking him with the paddle, give him a quart or half gallon drench of strong sage tea; this accomplishes the object by killing the botts, and the horse is relieved.

Fire and Burglar Proof Safes.

CINCINNATI, August 11th, 1859.

MESSRS. HALL, CARROLL & CO.—GENTLEMEN:—In the extensive conflagration of last night, the most severe one with which our city has been visited for many years, and in which our entire establishment, five stories high, containing a large stock of alcohol, pure spirits, &c., together with all the machinery necessary for the manufacture of the same, was consumed, (not even the walls of the building were left standing,) with the exception of our safe, one of Hall's Patent, bought about nine years ago; and in evidence of its great strength, and the superiority of workmanship, it may be well to state that it fell from the second story of the building into the cellar, where it was covered by the wreck of the burning buildings, and though we were unable to remove it, yet when it was opened, we found our books and all its contents entirely preserved and unimpaired by fire.

We take pleasure in making this statement to you and the public, and in recommending to them "Hall's Patent" as being fully entitled to their confidence.

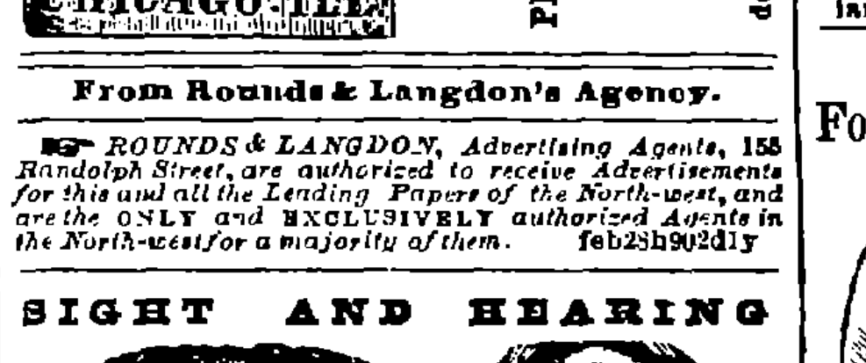
SIGHT AND HEARING



DR. F. A. CALDWELL

FORMERLY OF TORONTO, C. W., now of Chicago, Ill, the eminent and skillful operator on the
EYE AND EAR,
At No. 93 Randolph street, Chicago, is now working miracles in the way of restoring
LOST SIGHT AND HEARING.

Upwards of TWO HUNDRED have been received by Dr. C. within the last four weeks, many of whom have been blind for months and years, have had their sight restored instantly by DELICATE AND DIFFICULT OPERATIONS, while others, who have been sufferers from disease, have been miraculously cured by mild and gentle treatment.

The best proof as to how Dr. C.'s services are appreciated is, that he is daily receiving new patients from all parts of the country, and dismissing, as cured, his early received cases.

No FEE is required for an examination or opinion. No CHARGE for services that are NOT SUCCESSFUL, as will be stated when the patient is received. Dr. Caldwell's TREATISE ON THE EYE AND EAR to be had GRATIS on application as above.

A BLOODLESS VICTORY!!!
1,000,000 BOXES SOLD OF
MOREHEAD'S
MAGNETIC PLASTER

THIS ENORMOUS QUANTITY OF this Invaluable Remedy has been purchased by citizens of the United States during the short time it has been before the public. The reason for this extraordinary success is simply in the actual truth and value of the article. No one buys the MAGNETIC PLASTER without becoming its friend. It perform all that is promised, and carries with it its own recommendation. Truly this is a Victory—peaceful and bloodless—but we believe not less glorious than the triumphs of war, with its train of carnage and desolation.

The MAGNETIC PLASTER is undoubtedly the Greatest Strengthener and Pain Destroyer that Science has yet discovered. If you put this Plaster anywhere, if Pain is there, the Plaster will stick there until the Pain has vanished. The Plaster magnetises the Pain away, and
PAIN CANNOT EXIST WHERE THIS PLASTER IS APPLIED.

Rheumatism, Lameness, Stiffness, Weakness, Debility, Nervousness, Neuralgia, Dyspepsia, Coughs and Colds, Pains and Aches of every kind, are IMMEDIATELY RELIEVED, and, with a little patience, PERMANENTLY CURED, by the magical influence of the MAGNETIC PLASTER. It is the simplest, surest, safest, pleasantest and cheapest remedy in existence. Its application is universal—equally to the strong man, the delicate woman, and the feeble infant. Its use is agreeable, and without annoyance or trouble. Its price is within reach of all—rich or poor; all may have it, and all should have it who are sick, and suffering in any way.

FARMERS and PLANTERS should always be supplied with the MAGNETIC PLASTER. It will be the Good Physician in any household, ready at all times and at instant notice.

Put up in air-tight tin boxes. Each box will make six to eight plasters, and any child can spread them. Price, twenty-five cents per box, with full and plain directions. D. C. MOREHEAD, M. D.,
Inventor and Proprietor, 19 Walker St., N. Y.

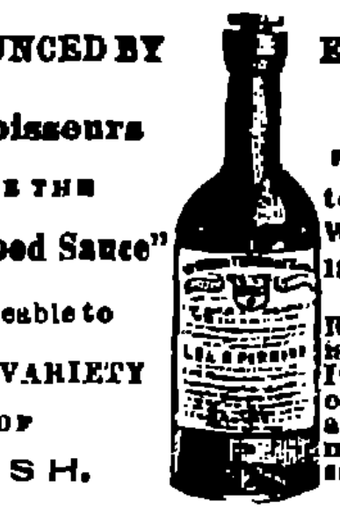
SOYER'S SULTANA SAUCE.
For Hot or Cold Dishes of all Kinds.



THIS MOST DELICIOUS and appetising Sauce was invented by the renowned "SOYER," on his return from the Crimea, and since his decease is manufactured by CROSSE & BLACKWELL, London, from the original recipe. The manufacturers simply ask for it a trial, convinced that it must add to the already large consumption, and that it will prove itself unequaled, either as a stimulant to the appetite or an aid to digestion.

Opinions of the London Press

"We recommend our correspondent to try MONSIEUR SOYER'S new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe: its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION.—*The Lancet.*

"The Sultana's Sauce is savory, piquant, and spicy; a happy combination of flavors and essences worthy of the delicate taste of a Sultana, the genius of a Soyer, and the universal patronage of a discriminating Public."—*Observer.*

"A concentration of all the piquant resources of Turkey and Russia."—*United Service Gazette.*

"As a titillater of the appetite this Sauce stands alone. It is a most valuable adjunct to Fish, Flesh, or Fowl, and should be placed on every dinner table."—*Atlas.*

"The Sultana sauce is a most delicious zest."—*Morn Chronicle.*

CONSUMERS OF RICHARDSON'S Linens, and those desirous of obtaining the Genuine Goods, should see that the goods they purchase are sealed with the full name of the firm, RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine goods, will not readily abandon a business so profitable, while purchasers can be imposed upon with goods of a worthless character.

BOERHAVE'S
HOLLAND BITTERS.

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Apetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recomended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissapation. Generally instantaneous in affect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit an infusing new health and vigor in the system.

READ CAREFULLY! The genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at ONE DOLLAR per bottle. The great demand for this truly wonderful Medicine has induced many imitations, which the public should guard against purchasing.

Beware of imposition! See that our name is on the label of every bottle before you buy.

MOR TO BE ADMIRED THAN THE
RICHEST DIADEM
EVER
Worn by Kings or Emperors.

What? Why a Beautiful Head of Hair.

BECAUSE IT IS THE ORNAMENT GOD *Himself provided* for our race. Readers, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled or shriveled, *harsh and dry,* or worse still, if sprinkled with gray, nature will lose more than one half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first *is the celebrated Pianist, Thalberg:*

DR. WOOD:— New York, April 19, 1858.
Dear Sir—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.
I am, dear sir, yours truly,
S. THALBERG.

"Drych a'r Gwyliedydd."
Welsh Newspaper office, 13 Nassau st.,
April 12, 1859

PROF. O. J. WOOD:—*Dear Sir,*—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair. CHARLES CARDEW.

New York, July 25, 1857.
PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who prespire freely.
J. G. KILBY.

PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grow out, and turn back to its former color, (black.) At this time it is fully restored to its original color, health, and appearance, and I chee fully recommend its use to all.
Chicago, Ill., May 1, 1857. J. D. HOES.

The Restorative is put up in bottles of three sizes, viz: large, medium and small, the small holds half a pint, and retails for one dollar per bottle; the medium holds twenty per cent more in proportion than the small, retails for two dollars per bottle; the large hold a quart, forty per cent more in proportion and retails for $3.00 a bottle.

PICKLES.—GHERKINS, AND ASSORTED, in prime order, for sale by EDWARD TRUSLOW, 119 East Water St.

THE SENTINEL.

COMMERCIAL.

MONDAY, September 5, 1859.

Money Matters.

There is an increased supply of exchange; but though a reduction in the price before this time, was confidently looked for, the banks still maintain the selling rate at 1¼ ₱ cent. Money is not over and above plenty; but the offerings of straight business paper are taken without hesitation by the regular houses. Bank discount 10 ₱ cent. Outside rates 1@2 ₱ cent a month for small loans. Gold 1¼ ₱ cent.

The Chicago *Press & Tribune* of Saturday, says:

The banks have to-day reduced their rates for eastern exchange to 1¼ ₱ cent prem., and some to 1⅛ @ 1. Outside the general rate is 1 ₱ cent; but as all parties look for a still further decline the demand at even that figure is only to meet immediate necessities. There is a good demand for currency, the supply of which continues ample. No change in discounts.

EARNINGS OF THE MILWAUKEE & MISSISSIPPI RAILROAD for the month of August just past, as compared with last year, are as follows:

Receipts by Lake for the week ending Saturday, as reported at the Custom House, were as follows: 205 tons mdz, 80 tons stone, 1,245 bbls apples, 73 bxs do, 80 bbls pears, 8 bbls berries, 100 bbls oil, 174 bbls tobacco, 5 hlf-bbls do, 12 hhds do, 14 bbls alcohol, 36 bbls flour, 32 bbls sugar, 43 hhds do, 20 bbls highwines, 1 bbls beer, 1 bbl bottles, 5 hlf-bbls fish, 1,050 baskets peaches, 113 bus do, 1,207 pkgs sundries, 140 pkgs fish, 11 pkgs liquor, 54 chests tea, 439 bus potatoes, 1,207,000 ft lumber, 25,000 ft sq timber, 200,000 shingles, 480,000 lath, 500 cedar posts, 350 cords wood, 58 cases drugs, 39 casks, 210 kegs nails, 1,940 bxs dry goods, 51 bxs boots and shoes, 70 bxs ashes, 230 doz woodenware, 22 grindstones, 1 threshing machine, 4 horses, 2 wagons.

The shipments for the same period were: 421 bbls flour, 113,420 bus wheat, 50 bus corn, 25 tons mdz, 3 tons pig iron, 4 tons groceries, 12 tons sundries, 2 bxs do, 172 pkgs do, 24 bbls do, 48 bbls salt, 14 bbls pork, 8 bbls beef, 130 bbls whiskey, 5 bbls seed, 3 bbls apples, 10 bbls tobacco, 78 hlf bbls beer, 69 qr do, 352 hides, 300 bdls do, 6 bdls paper, 36 sacks rags, 10 bxs shot, 2 crates leather, 4 bdls hay, 650m ft lumber, 15m brick.

Those who feared that farmers would be imprudent enough to hoard their wheat for high prices, will, we are inclined to think, be soon convinced that there was no ground for uneasiness on this score. The wheat crop has just commenced to move, receipts last week having considerably more than doubled, as compared with the previous one, and being in excess of those for the corresponding week last year. The market was active, but devoid of fluctuations or excitement, and tolerably fair prices prevailed throughout the week. Flour felt the depression at the east, and suffered a slight decline, closing heavy and inactive. Receipts of other articles light and prices generally unchanged.

We are gratified to notice some indications of a revival from the excessive lethargy in which all branches of business have been reposing for two or three months past, although trade is yet far from being active. However, the increased receipts of produce and consequent stir of money, we are in hopes will soon give new life to business everywhere, and, therefore, we do not yet despair of a prosperous fall trade.

Receipts and shipment of flour and grain on Saturday were as follows:

On Saturday the wheat market was quite steady and active at Friday's quotations. We note sales of about 13,000 bus, at 70@71c for No. 2 spring, 72@75c for No. 1 do.; and at 77@80c for extra club. The majority of the sales of No. 1 and extra were at 73 and 78c, those going beyond these figures being comparatively few, and somewhat better than the standard grades. Oats were scarce and would have sold at 27c. Corn firm. Barley in better demand. Hides a shade firmer.

CHICAGO, SEPT. 2ND.—Receipts: 5,700 bbls flour, 54,115 bus wheat, 18,703 bus corn, 9,406 bus oats, 401 bus barley.

The wheat market to-day was more active, and spring grades were a shade firmer, notwithstanding the liberal receipts. Winter wheat, however, was in a manner neglected—the inquiry being almost exclusively confined to millers. About 80,000 bushels of all grades changed hands, at 90c for No. 1 red in store; 75c for No. 2 red; 73@74c for No. 1 spring; 70@71c for No. 2 spring; and 60c for rejected—all in store,—market closing firm at about 70½c for No. 2, and 73c for No. 1 spring. Under a good shipping demand for spring wheat flour, spring extras advanced 12½c. Winter wheat, however, was very dull, and limited sales were made at a considerable decline—buyers as a general thing refusing to make more than 25@50c difference between Chicago spring and white winter brands. About 7,500 bbls were sold on 'Change at $4,12½ for choice brands of spring extra; $3,90@4,00 for medium to fair do; $3,25 for low grade do; $3,70 for superfine spring and $4,50 for a small lot of white winter. Corn was in good demand and the market was very firm at yesterday's quotations. About 18,000 bus changed hands at 62c for canal afloat; 60½@61c for No. 1 in store; and 58½@59c for No. 2—closing firm at the outside quotations. Oats were less active and somewhat lower,—About 4,500 bushels were sold at 25c for No. 1 in store, and 26½c afloat. Rye quiet at 55c, with less inquiry. Barley, 45c for No. 1 in store. Timothy seed steady and active, at $2,00 for good to prime, and $1,00 for inferior. Provisions inactive. A lot of 50 tcs prime leaf lard was sold to-day at 11c. Tallow quiet at 10¼@10½. Hides unchanged.

Weekly Review of Milwaukee Markets.

Monday Morning, September 5, 1859.

FREIGHTS—We note the following charters during the week: Schr. *Nonpareil*, wheat to Buffalo at 4c; *Milwaukee Belle*, do. do.; Brig *Bay City*, do. do.; bark *Fontanelle*, wheat to Oswego at 7c. Rates on flour still remain unchanged.

FLOUR—Receipts 3,086 bbls, against 1,495 for the previous week; and shipments 421 bbls, against 497. The market was rather depressed, under the influence of a continued downward tendency at the East, and prices suffered a decline of 12½@25c, country spring extra selling at $3,75@4,00, for good to choice brands, and city extra at $4,50. We note sales on Tuesday of 50 bbls spring extra at $4; 100 bbls do at $4,12½. Wednesday, 75 bbls superfine at $3,50; 120 bbls country spring extra at $3,75; 200 bbls "Empire" do at $4,00; 100 bbls "Stone Mills" (city) extra at $4,50. Thursday, 195 bbls country extra at $3,75; 100 bbls "White Lily" do at $4; 153 bbls "Mazomanie" (a very choice brand) do at $4,25—all f. o. b. Friday, 150 bbls superfine at $3,50; 200 bbls country extra at $3,75; 240 bbls "Stone Mills" (city) do at $4,50—both f. o.b.; 40 bbls do at the same price; 40 bbls "Augusta" (Michigan) w. w. at $5; and 30 bbls rye flour at $3,25. The market on Saturday closed heavy and without any sales.

WHEAT—Receipts 137,842 bushels, against 50,284 for the previous week; and shipments 113,420 bus, against 20,880. For the benefit of our readers in the country, we reprint the three grades decided upon by the Chamber of Commerce, to govern the inspection of the new crop:

Extra, to be pure club, well cleaned, and to weigh 60 lbs to the measured bushel.

No. 1, to be sound, well cleaned, and to weigh 59 lbs to the measured bushel.

No. 2, to be sound, and to weigh 55 lbs to the measured bushel.

The large increase in receipts gave new life to the wheat market last week, some 12 to 20,000 bus changing hands each day. Prices fluctuated slightly, but at the close were about the same as the quotations ruling a week ago. We note the following sales from day to day during the week: Monday: 1,750 bus No. 2 at 70c; 1,500 bus No. 1 at 71c; 1,530 bus No. 1 at 72c; 970 bus No. 1 delivered in bags at 70c; 300 bus uninspected at 75c; 100 bus extra at 77c; 1,380 extra at 73c; 1,250 bus old No. 1 at 58c. Tuesday: 2,000 bus No. 1 club at 71c; 2,600 bus do at 72c, 2,000 bus do at 75c; 600 bus extra at 75c, (by sample); 700 bus do at 76c; 2,000 bus do at 77c; 200 bus do at 75c; 600 bus very choice extra at 80c; 850 bus No. 2 at 70c. Wednesday: 12,150 bus as follows: 4,700 bus No. 1 spring in lots at 71c; 1,500 bus do at 72c; 1,000 bus, by sample, at 73c; 1,300 bus do at 72½c; 1,300 bus do at 75c; 300 bus extra club at 76c; 300 bus No. 2 at 68c; 1,050 bus No. 2 at 69c; 160 bus red winter at 76c. Thursday: 400 bushels No. 1 (Fife) spring at 71c; 1,950 bus No. 1 in lots at 72c; 400 bus do at 72½c; 2,300 bus do at 73c, in small parcels; 500 bus do at 74c; 2,200 bus choice do at 75c; 950 bus extra club at 77c; 475 bus do at 77½c; 3,350 bus do at 79c; 375 bus choice do at 80c; 300 bus No. 2 at 69c; 2,000 bus do at 70c. Friday: 300 bus, by sample, at 71½c; 1,200 bus No. 1 at 72c; 700 bus do at 72c; 300 bus do at 72c; 250 bus do at 72c; 700 bus do (Fife) at 72c, in bags; 210 bus do at 72½c; 1,000 bus do at 73c; 1,200 bus do at 73c; 1,000 bus do at 73c; 350 bus do at 73c; 300 bus do at 73c; 500 bus, by sample, at 74c; 200 bus (to mill) at 75c; 700 bus, by sample, at 75c; 650 bus do at 76c; 870 bus extra club in lots at 77c; 1,000 bus do at 78c; 1,740 bus No. 2 at 70c; 300 bus do at 71c. Saturday: Market steady, with sales of 13,000 bus as follows: 250 bus No. 1 spring at 72c; 330 bus do uninspected at 72c; 3,300 bus do inspected, in lots, at 73c; 250 bus do at 74c; 700 bus, by sample, at 74c; 600 bus choice No. 1 at 75c; 1,000 bus, by sample, at 75c; 200 bus reported as "extra" at 75c; 725 bus choice No. 1 club at 76c; 500 bus, by sample, at 76c; 500 bus extra club at 77c; 2,350 bus do at 78c; 300 bus choice at 80c.

OATS—Receipts 1,516 bus, against 2,278 for previous week. The short supply created a scarcity for home use, and prices went up to 26 and 27c; scarcely any could be bought even at these figures. There is no shipping demand at anything like the present prices.

CORN—Receipts still very light, being only 1,403 bus, against 334, and hence no established prices. A few small lots of shelled corn sold at 62½, which we think may be considered the ruling figure. Saturday, there were sales of 75 bus inferior at 58c; 150 bus good shelled at 62½c; 75 bus do at 63c.

BARLEY—Also continues to come in very moderately, but there is an increased inquiry for it and an upward tendency in prices, 50 to 53c being freely offered for No. 1. Receipts for the week were only 1,553 bus.

RYE—Scarce, and good samples worth 53@55c.

POTATOES—Were more plenty and lower, the best lots not bringing outside of 45c, and 40c being the ruling price for ordinary qualities.

EGGS—More plenty and not saleable at more than 7c by the bbl.

BUTTER—Receipts by railroad 9,585 lbs, against 8,575 for the previous week. Good to prime firkin sold at 11@12½c, and fresh roll at 13@15c.

HIDES—Receipts 12,552 lbs, against 19,259 for the previous week. The market closes a shade firmer at the following quotations: Green 6@6½c; do salted 7½@8½c; dry salted 12@13c; dry flint 14@15c.

SPIRITS—Highwines unchanged, selling at 24@24½c; whiskey 19@20c, according to quantity; alcohol 54c; burning fluid 55 c.

SALT—Steady, with a good supply. We quote coarse Solar $1,55; ground solar, $1,25; dairy $2,25; fine $1,25.

LUMBER—Receipts of the week, as compared with the previous one were as follows:

	Last Week.	Week previous.

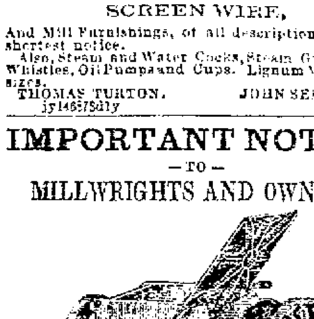
IMPORTANT NOTICE
—TO—
MILLWRIGHTS AND OWNERS.



The Excelsior Water Wheel Co.

ARE MANUFACTURING A NEW KIND of Water Wheel, patented 11th May, and 14th December, 1858, by J. H. Fairchild, of Vermont. It involves an entirely new principle of obtaining power, and of controlling the water, by which we obtain a greater maximum power than is afforded by any other wheel now in use. Some of the advantages of this wheel are:—

1st. We obtain the ENTIRE WEIGHT of the water, and have the advantage of the full head and fall, from water to water.

2d. It surpasses all other wheels in velocity and power.

3d. It is perfectly under the control of the workmen, either when used to drive a large or small amount of machinery, as the strength of the wheel is not diminished by reducing its motion, since it depends upon the WEIGHT of the column of water BELOW the wheel, which always remains about the same.

4th. It occupies less space than any other wheel—is placed inside the flume, near the SURFACE of the water, and is never affected by frost.

5th. The wheel is very durable, being made of iron, and can be put in any place and attached to Saw Mills, Grist Mills, and machinery of all kinds, with LESS expense than any other wheel. The velocity of the wheel is such that the expense of gearing up is avoided for nearly all purposes.

Together with the advantages above stated, we are ready to warrant the Wheel to possess a power equal to the following figures, for each foot fall of water

6 inch wheel	52.100 horse-power.
10½ "	78.160 "
12 "	99.100 "
13¾ "	1.81.130 "
15 "	1.55. "
16¼ "	1.87.100 "
18 "	2.35.100 "
19 "	2.65.130 "
20 "	2.56.100 "
22 "	3.53.100 "
24 "	4.29.100 "
26 "	5.25.100 "
28 "	5.95.100 "
30 "	6.81.100 "

Wheels of the above sizes make from 400 to 1000 revolutions per minute. When sold, are complete with gate, pully and shaft, so that the purchaser has only to place it in the flume, which can be done with less expense than any other wheel.

The Company have competent workmen, who will put them in any place in workmanlike manner, at reasonable rates. The Wheels can be afforded at a less price than any other wheels now in use.
W. B. STURGESS, Sec'y, Troy, N. Y.

CERTIFICATES.

MIDDLETOWN, Ct., Dec. 1, 1858.

Dear Sir—In answer to your favor asking my opinion of the Fairchild Patent Water Wheel that you put into my factory for me, I take great pleasure in stating that it has exceeded my expectation. I took out a Breast Wheel 16 feet in diameter, by 9 feet Buckets, and replaced it with one of "Fairchild's Patent" 15 inch Wheels, and it gives more power, with no greater amount of water, and the motion is as steady as that of a steam engine. It has also the advantage of being very cheap and durable.

It operates under a 9 feet head and fall, and carries with equal regularity and steadiness a greater or less amount of machinery, "such as is necessary for the manufacturing of fire arms," whereas an increase of machinery upon my old Wheels would materially lessen the speed.

It is without doubt, the best Wheel I have ever used, and my experience in Water Wheels extends over a period of 25 years. Any one interested in Water Wheels will be convinced of its superiority (however skeptical) if he will take the trouble of calling at my factory and see its performance.

I am, yours, respectf'ly,
EDWARD SAVAGE.

Mr. Savage writes me again under date of Jan. 6th 1859. The Wheel continues to perform entirely well, and I am more and more pleased with it. It has not caused us a moment's delay since you were here.

SHELDON, Franklin Co., Vt., June 25, 1858.

Dear Sir—I have one of Mr. Fairchild's wheels in operation at my Machine Shop, which I can recommend to the public with perfect confidence, as possessing all the advantages which are claimed for it. The wheel which I am using is twelve inches in diameter. It gives more power, and runs more steadily than the twelve feet Breast Wheel, which I have heretofore used, requiring less water under the same head and fall.

H. CARLISLE.

Many other testimonials from heavy eastern manufactories may be seen at my office, where the public are invited to call and examine this wheel, and where they will at all times be kept on hand to supply the demand. An 18 INCH wheel is now running the Planing Mill and other Machinery necessary for the manufacture of Sash, Doors and Blinds at the manufactory of M. Y. King, Esq., (State Dam) Joliet, Ill., where any and all are invited to call and examine it under practical test, and a motion of 700 revolutions per minute. For further particulars please address

WOODRUFF'S PATENT SLEEPING CARS accompany all Night Trains on this route to New York and Boston.

All Trains for Summer are newly fitted with Ventilators and dusters.

Tickets can be had at all ticket offices in the West and at the Company's Office under the Revere House, corner Randolph and Dearborn streets, and at the Depot.
GEO. M. GRAY, Gen'l Western Agent.
JOHN D. CAMPBELL, Gen'l Supt.

CITY OF BUFFALO, A. D. PERKINS, Comm'r, and WESTERN METROPOLIS, W. T. PEASE, Comm'r, form an Evening Line between Cleveland and Buffalo.

One of the above magnificent boats will leave the C. C. & C. Railroad Dock, Cleveland, every evening (Sundays excepted) at 8 o'clock, or on the arrival of the trains from the South and West, making SURE connection at Buffalo with the morning trains on the New York Central and Buffalo, New York & Erie R. R., for Niagara Falls, Rochester, Syracuse, Rome, Utica, Albany, Corning, Elmira, Oswego, New York and Boston.

It is useless to speak elaborately of the above boats, being already well known to the traveling public as in all respects First Class, Commodious and safe.

Thus rendering a summer trip to New York or any point east of Buffalo, the most desirable of any that could be planned.

Tickets can be had at the ticket offices in the West and at the Company's office, under the Revere House, corner Randolph and Dearborn streets, and at the depot.

PITTSBURG, FT. WAYNE & CHICAGO R. R

NOW COMPLETED TO CHICAGO.

THIS NEW AND DIRECT ROUTE IS now open to New York, Boston, Pittsburg, Philadelphia, Baltimore, Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities; Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Railroad line between

CHICAGO AND THE EAST.

FARE AS LOW AS ANY OTHER ROUTE.

☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other routes.

Trains leave the depot on VAN BUREN ST., daily as follows:

7:15 A. M., Morning Mail and Express.
7:25 P. M., Night Express.

CHECKING BAGGAGE THROUGH

To Pittsburg, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with the Cleveland & Columbus R. R. to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable, both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

Tickets for sale at all the principal ticket offices at the West, and at the Company's office, No. 30 Dearborn St., opposite the Tremont House, Chicago, and at the Union Ticket office, No. 230 East Water St., Milwaukee.

Liver Invigorator,

NEVER DEBILITATES.

IT IS COMPOUNDED ENTIRELY FROM GUMS, and has become an established fact, a Standard Medicine, known and approved by all that have used it, and is now resorted to with confidence in all the diseases for which it is recommended.

It has cured thousands within the last two years who had given up all hopes of relief, as the numerous unsolicited certificates in my possession show.

The dose must be adapted to the temperament of the individual taking it, and used in such quantities as to act gently on the Bowels.

Let the dictates of your judgment guide you in the use of the LIVER INVIGORATOR, and it will cure LIVER COMPLAINTS, BILIOUS ATTACKS, DYSPEPSIA, CHRONIC DIARRHŒA, SUMMER COMPLAINTS, DYSENTERY, DROPSY, SOUR STOMACH, HABITUAL COSTIVENESS, CHOLIC, CHOLERA, CHOLERA MORBUS, CHOLERA INFANTUM, FLATULENCE, JAUNDICE, FEMALE WEAKNESSES, and may be used successfully as an ORDINARY FAMILY MEDICINE. It will cure SICK HEADACHE, (as thousands can testify,) IN TWENTY MINUTES, IF TWO OR THREE TEASPOONFULS ARE TAKEN at commencement of attack.

ALL WHO USE IT ARE GIVING THEIR TESTIMONY IN ITS FAVOR.

☞ MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

THE GREATEST

MEDICAL

DISCOVERY

OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR,

FROM

THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, ensuing

DYSPEPSIA

which is nothing but canker on the stomach; then the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

You have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

Radway's Regulating Pills.

DR. RADWAY & CO., have recently discovered a method for extracting from roots, herbs, plants and gums, a nutritious extract of such wonderful nourishing power—which they have combined with Radway's Regulating Pills—that six of these pills will supply the blood with the same amount of nutrition as one ounce of ordinary bread; so that while the system is undergoing a thorough physicing, and regulating process, it daily becomes strengthened.

Persons afflicted with Liver Complaint, Dyspepsia, Heart Diseases, Fullness of Blood, and all Females who are subject to Irregularities, Hysteria, &c., are particularly recommended to use these Pills. They are pleasant to take—elegantly coated with gum—free from taste and will not gripe, sicken or weaken the system, or leave the bowels costive. Mothers nursing should likewise take one or two of these Pills once or twice per week. They will not only keep your system healthy and regular, but will protect your infant against Cramps and Pains in the stomach, and insure not only a healthy child, but will invest every child thus suckled, with a sweet disposition.

RADWAY'S REGULATING PILLS

Regulate each and every organ of the system, and correct all derangements of the Liver, Bowels, Stomach, Heart and Kidneys.

THEY CURE

COSTIVENESS,	INDIGESTION,
HEART-BURN,	DYSPEPSIA,
BILLIOUSNESS,	CONSTIPATION,
DROPSY,	HEADACHE,
PALPITATION of the HEART,	CONGESTION,
	&c., &c.

They are entirely vegetable and harmless; an infant at the breast can take them with safety, and persons who are subjects of Fits of Apoplexy, Epileptic, Heart Diseases, &c., should always keep a box on hand.

PRICE 25 CENTS.

HOWARD ASSOCIATION,

PHILADELPHIA.

A BENEVOLENT INSTITUTION ESTABLISHED by Special Endowment for the Relief of the sick and distressed, afflicted with Virulent and Epidemic Diseases.

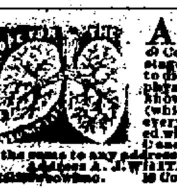
In times of Epidemics, it is the object of this Institution to establish Hospitals, to provide Nurses, Physicans, Clothing, Food, Medicines, &c., for the sick and destitute, to take charge of the orphans of deceased parents, and to minister in every possible way to the relief of the afflicted, and the health of the public at large. It is the duty of the Directors, at such times, to visit personally the infected districts, and to provide and execute means of relief. Numerous Physicans, not acting members of the Association, usually enroll their names on its books, subject to be called upon to attend its hospitals, free of all charge.

In the absence of epidemics, the Directors have authorized the Consulting Surgeon to give advice and medical aid to persons suffering under CHRONIC DISEASES of a virulent character, arising from the abuse of the physical powers, mal-treatment, the effects of drugs, &c., &c.

Various REPORTS and TRACTS on the nature and treatment of Chronic Diseases, by the Consulting Surgeon, have been published for gratuitous distribution, and will be sent FREE of CHARGE to the afflicted.

Address, for Reports of treatment, to Dr. GEORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pennsylvania.

By order of the directors,
EZRA D. HEARTWELL, Pres.
GEO. FAIRCHILD, Sec.



A CLERGYMAN having cured himself of Consumption in its worst stages, after being given up to die by the most celebrated physicians, desires to make known the mode of cure (which proves successful in every case,) to those afflicted with Coughs, Colds, Consumption, and he will send the same to any address, free of charge.
